

# Imagination

Joe Lynn Turner

I think about what I can do to  
Forget what you meant to me  
To compromise pretend that I  
Don't feel anymore, is a fantasy  
You knew how to erase the noise  
from my life  
And I still see you in my....

Imagination, I can hold you in the night  
Imagination, our love is going strong even  
Though it's only my imagination

A tender word, a simple look  
Your soothing touch, caress my mind  
When, I'm down to far, I can't get up  
I feel the gentle heat of your fire  
You maybe gone but I let the memory live on  
and I still see you in my....

Imagination, I can hold you in the night  
Imagination, our love is going strong even  
Though it's only my imagination

I'll never give up on loving you  
You are everything to me  
Oh and there's nothing  
Nothing that can stop me from dreaming  
Imagination, I can hold you in the night  
Imagination, our love is going strong even  
Though it's only my imagination
