

# Can't Live Without Your Love

Joe Pace

Lord, I'm grateful, Lord, You've done so much for me  
Lord, so thankful, I can't live without your love  
Lord, you are my life

Lord, I'm grateful, Lord, you've done so much for me  
Lord, so thankful, I can't live without your love  
Lord, you are my life  
Lord, I'm grateful, Lord, You've done so much for me  
Lord, so thankful

I can't live without your love, I can't live without your love  
I can't live without your love, I can't live without your love  
I can't live without your love, I can't live without your love  
I can't live without your love, I can't live without your love

I can't breathe without your love, I can't breathe without your love  
I can't breathe without your love, I can't breathe without your love  
I can't breathe without your love, I can't breathe without your love  
I can't breathe without your love, I can't breathe without your love

I can't move without your love, I can't move without your love  
I can't move without your love, I can't move without your love  
I can't move without your love, I can't move without your love  
I can't move without your love, I can't move without your love

I can't live, I can't breathe  
I can't move, Lord, I really need your love  
I can't live, I can't breathe  
I can't move, Lord, I really need your love

I can't live without your love, I can't live without your love  
I can't live without your love, I can't live without your love  
I can't live without your love, I can't live without your love  
I can't live without your love, I can't live without your love  
I can't live without your love

I can't live without your love, I can't live without your love  
I can't live without your love, I can't live without your love  
I can't live without your love, I can't live without your love
