

Let Everything That Hath Breath

Joe Pace

Let everything that hath breath praise Him
All ye lands just praise Him
Lift up those hands and praise Him
Bless His holy name, bless His holy name

Let everything that hath breath praise Him
All ye lands just praise Him
Lift up those hands and praise Him
Bless His holy name, bless His holy name

Let everything that hath breath praise Him
All ye lands just praise Him
Lift up those hands and praise Him
Bless His holy name, bless His holy name

Let everything that hath breath praise Him
All ye lands just praise Him
Lift up those hands and praise Him
All ye lands just praise Him

Lift up those hands and praise Him
All ye lands just praise Him
Lift up those hands and praise Him
All ye lands just praise Him
Bless His holy

Clap those hands all ye lands
It's time to praise Him
Move those feet, get out of your seat
It's time to praise Him

Clap those hands all ye lands
It's time to praise Him
Move those feet, get out of your seat
It's time to praise Him

Clap those hands all ye lands
It's time to praise Him
Move those feet, get out of your seat
It's time to praise Him

Clap those hands all ye lands
It's time to praise Him
Move those feet, get out of your seat
It's time to praise Him

It's time to praise Him
It's time to praise Him
It's time to praise Him
It's time to praise Him

It's time to praise Him
It's time to praise Him
It's time to praise Him
It's time to praise Him
It's time to praise Him
