

# Circles

Joe

Uhm, uhm, uhm, uhm  
Oh girl, uh oh, uh uh oh  
There is a system that we keep doing  
(Oh, oh)  
I know the system got us thinking  
What to do  
(What to do, uh oh, uh oh)  
Oh, we have been saying we are trying to make it work  
How long is this got to go on  
I think we are just keeping on lying  
So we don't get hurt  
So we can keep on going on further  
In the winter time we love being so close  
(So, so close)  
But in the summer time I guess we love being on the go  
We don't wanna let it go  
We are moving in circles  
I guess we keep doing the same thing again  
We are moving in circles  
I beat it up four the season that you leave  
Four season again  
I guess we are moving in circles  
Circles, circles, circles, circles  
I think we are moving in circles  
Circles, circles, circles, circles  
When we get up we both know that  
We forget about what we do  
(Nah)  
Because the sex is so good you keep on telling me  
Nobody else better come through, just you  
Oh, we have been saying we are trying to make it work  
We lying 'cause we never been trying  
I think we are just keeping on lying  
So we don't get hurt  
We wanna keep doing what we do  
In the winter time we love being so close  
(So, so close)  
But in the summer time I guess we love being on the go  
We never gonna recognize  
We are going in circles  
I guess we keep doing the same thing again  
I know we are going in circles  
I beat it up four the season that you leave  
Four season again  
Going in circles  
Circles, circles, circles, circles  
I know we are going in circles  
Circles, circles, circles, circles  
I know we are going in in circles  
When we are going to stop  
(Circles)  
I want you bad as you want me  
We need to stop lying circles  
I know we keep doing the same thing  
I guess we keep doing the same thing again  
We are keep moving in circles  
I beat it up four the season that you leave

Four seasons again  
We are moving in circles  
Circles, circles, circles, circles  
We are keeping moving in circles  
Circles, circles, circles, circles, ooh
