

Love & Sex, Pt. 2

Joe

I must confess I've had my share of girls in my lifetime
I've been around, yeah
Honestly, I've been known to wound this right
But I'm older now
And maybe I should slow it down

But I'm not gonna lie and say
That I don't love the way it feels
When I'm doing my things
'Cause it feels so good
Said it feels so good to me
But something's missing when it's only us
But this sure thing
But baby, I've learned that

There's a difference between love and sex
But can I have both of them with you, baby?
There's a difference between love and sex
But can I have both of them with you?

Seems nowadays the heart is far removed
From the bedroom
The sex is not emotional
The only focus is the physical
Well, there's another level we can achieve
If we open up to something different

I'm not gonna lie and say
That I don't love the way it feels
When I'm doing my things, baby
'Cause it feels so good
'Cause it feels so good to me
But something's missing when it's only us
Superficial things
And baby, I've learned that

There's a difference between lust and sex
But can I have both of them with you?
There's a difference between love and sex
But can I have both of them with you?

Good sex can really blow your mind
But love can ease it for you
Good sex could make a wonderful life
If we bring them all together
Then we'll be making love

Can I have both of them with you?
There's a difference between love and sex
But can I have both of them with you?
When it comes to having sex there's a difference

There's a difference between love and sex
But can I have both of them with you?
There's a difference between lust and sex
But can I have both of them with you?

There's a difference between love and sex
But can I have both of them with you?
