

# Pull My Hair

Joe

It started out with the bar  
All eyes on me  
That lady rock  
She said that it was a dream  
We tapped it out a minute  
Minute turned into hours  
Conversation got heated  
She said I had a. sh needed a shower  
Is aid ok before I knew it  
I saw the look into her eyes and I knew what I had to do  
So I finished... went to elevator

All I can remember is she screaming pull my hair  
Pull my hair please don't stop till I tell you baby  
Don't be scared pull my hair pull my hair  
All I want is you on top of me working it

She said I want it all so take all of me  
Don't stop there work me out  
Pull my hair pull my hair  
Pull my hair just need you to work me out  
Work me out pull my hair  
I bet you never thought that I will be climbing crawling on you  
I am a gentleman but baby I know what to do  
From the bar to the bedroom all I kept thinking  
Is how I am gonna... you she said that's turning me on before I knew it  
I saw the look in her eyes I knew what I had to do  
So I looked back at her then I climbed on top of her

All I can remember is she screaming pull my hair

Don't be scared pull my hair pull my hair  
All I want is you on top of me working it

She said I want it all so take all of me
