

Give It Up

Joey McIntyre

Let down your guard.
Give it to me babe.
It's not that hard to do.
You are a star, you better believe, babe
Better off by far if you do.

You just got to feel
The way you want to feel
You know you gotta keep it real
That's the way you gotta be
You wanna roll with me
We can go on 'n on 'n on, so

Give it up
And let me love you, c'mon now
Give it up
I'll give it all to you, so
Give it up
And let me love you
Give it up
Yeah baby, give it up now.

If you put
Your heart and soul inside of me
And let yourself lose control
You are gonna start to see a side of me
You never thought possible. So baby

The feelings right and the
Girls are tight on the set tonight
Just give it up and let me love you.
