

I Cried

Joey McIntyre

Do you remember
How we'd hold each other tight?
It was all I had
To get me through the night.
I can't believe that you are gone.
Everything right, it all went wrong.

Do you remember
How we kissed?
You said you never felt like this.
I guess I thought it'd never end.
You know that you were my best friend.

I cried - and I don't care who knows it.
I cried - I ain't too proud to show it.
I cried - when you said good bye.

I wonder
If you ever think of me.
Or am I just another distant memory.
And after all that we've been through
It's just so hard
To give up on you.

I cried and I don't care who knows it
I cried and I ain't too...I cried, I cried, I cried
When you said good-bye.
I cried
I cried.
