

The Diamond O

Joey + Rory

Well it's sure enough December
Clear and cold and still
Moonlight shinin' silver on the hills
To the creaking' of the saddle
Down the mountainside I go
Trailin' strays back to the Diamond O

Windin' down the canyon
Old Rownie puffin' steam
Snow lies heavy on the evergreens
There's a coyote in the distance
With the song I've come to know
Trailin' strays back to the Diamond O

Ooh yip-hoo doodl-ee hoo
Get along little dogies
Hoo yip-hoo doodl-ee hoo
Whaddle yaddie-yo

How the world feels right
On a winter's night
Trailin' strays back to the Diamond O

Star light
Star bright
Peace on earth, this 'O
If only for one
Winter night
In Eye-yi-yi-da ho

Ooh yip-hoo doodl-ee hoo
Get along little dogies
Hoo yip-hoo doodl-ee hoo
Whaddle yaddie-yo

How the world feels right
On a winter's night
Trailin' strays back to the Diamond O

Ooh yip-hoo doodl-ee hoo
Get along little dogies
Hoo yip-hoo doodl-ee hoo
Whaddle yaddie-yo

How the world feels right
On a winter's night
Trailin' strays back to the Diamond O
And we'll be
Trailin' strays back to the Diamond O
