

# Magnificent

Joey Tempest

This could be your favorite song if you let it  
Maybe all the chords are wrong that's how we made it  
Just go and do that thing you do so well

Go be magnificent  
Don't let anyone talk you down  
You, you can do anything  
'Cause you've always been  
So magnificent be magnificent

This could be your lucky day if you let it  
Its not the words you throw away its how you say it  
Just go and do that thing you do so well

Go be magnificent  
Don't let anyone talk you down  
You, you can do anything  
'Cause you've always been  
So magnificent be magnificent  
Magnificent be magnificent
