

Sometimes

Joey Tempest

sometimes I no longer think
I have to leave this town alive
sometimes I get over the feeling
that Im living underground

youre always just in time

cause when Im feeling lost
a little means a lot
when Ive given all Ive got
a little means a lot
a few small words from you

sometimes I close my eyes
I dream a sky in this basement
sometimes Im living without
having to know every answer

youre always just in time

cause when Im feeling lost
a little means a lot
when Ive given all Ive got
a little means a lot
a few small words from you
