

## Bamboo Annie

John Anderson

Bamboo Annie lived in New Calidonia, she didn't have no shoes  
And G.I. Joe came from Kokomo with a case of the G.I. blues  
To say the least they fell in love, he promised her a brand new  
car

But Joe shipped out the very next week on his shoulder was a B.  
A.R.

Now Annie she's lived there all of her life and Joe was just pa  
ssin' through

That's the way things were down in New Calidonia, back in 19 an  
d 42

Now Annie she waited patiently, dreamin' of a life with Joe  
A brand new car and some little kids and a home in Kokomo  
And Joe was out in the jungle and mud up to his knees  
Thinkin' bout Annie down in New Calidonia walkin' in the ocean  
breeze

Now they both knew they had real love but the love would never  
come true

That's the way things were down in New Calidonia, back in 19 an  
d 42

Now Joe was a fightin' hero, as a soldier he was one of the bes  
t

But on the frontline he got a monkey one time and Joe caught a  
bullet in the chest

Now Annie she still holds her pictures of Joe, he's standin' by  
his automobile

He's all decked down in his uniform to Annie he was dressed to  
kill

And nobody ever told Annie so I guess she never knew

That's the way things were down in New Calidonia, back in 19 an  
d 42
