

# I Fell In The Water

John Anderson

I never seen a mircle before  
I thought you were sent from heaven's door  
But you knew all along you wouldn't stay  
You left me here to drown in this heartache

I feel in the water  
That you walked on  
Up to my heart in misery  
I can't believe you're gone  
I thought you could do no wrong  
Til I fell in the water  
That you walked on.

I just had to get close enough to touch  
Once I did I couldn't get enough  
But you're no where near what you appear to be  
Now I see the truth but I'm in to deep  
Til

I feel in the water  
That you walked on  
Up to my heart in misery  
I can't believe you're gone  
I thought you could do no wrong  
Til I fell in the water  
That you walked on.

I feel in the water  
That you walked on  
Up to my heart in misery  
I can't believe you're gone  
I thought you could do no wrong  
Til I fell in the water  
That you walked on.
