

# When Your Yellow Brick Road Turns Blue

John Anderson

You say that somewhere over the rainbow  
There's a star that you've been wishin' on  
Is the grass really all that greener than here where you belong  
?

I hope that you find what you're after  
And I hope all of your dreams come true  
But remember I'll always be here  
When your yellow brick road turns blue

You say that you're having trouble telling me why you can't stay  
It's not that you don't really love me  
It's just the winds of change are blowin' your way  
And I know there's a road you must follow  
But my heart won't give up on you  
So remember I'll always be here  
When your yellow brick road turns blue

Somewhere far away, you hope you'll find your dreams  
Sometimes that old pot of gold isn't always what it seems

So if you ever find yourself lonely  
And things don't work out like you planned  
You know there'll be a place to come home to  
And that I will always understand  
And I hope that you find what you're after  
And I hope all of your dreams come true  
But remember I'll always be here  
When your yellow brick road turns blue

Yes, remember I'll always be here  
When your yellow brick road turns blue
