Your boy's a bad man, and we invadin the streets Make unclever rappers scurred, they be droppin the heat Shocked the world, now I'm standin alone I flip fools like them clamshell cellular phones You can't help but nod your head to the track Fuck the watered down rap, we be takin it back Give it to me straight - ain't no chasin it Check yourself in the mirror - ain't no facin it Cause you, playin the role and you plannin to fold This the masterplan, we got the planet on hold We all over the streets like your favorite sneaker Breakin up your sound like a drive-through speaker Everything that I be spittin is strong After I rock, fast forward through the rest of the song We the monkeywrench, that's gonna ruin your plan And don't fuck with John Cena - I'm a BAD, BAD MAN

With the mic in my hands I'm a bad man Even in a fight with the hands I'm a bad man Livin in the streets all my life I'm a bad man I'm a bad man, I'm a bad man

We devils - rockin ambient levels We set loose among hot tunes to instrumentals And cats got one-liners, I drop several And I think it's funny you choose, losin progress or runnin in place; we makin moves, and y'all settle I rip rappers and take responsibility for makin future hall-of-famers look third rate Y'all are lost for words like conversation on your worst first date and ride beats, creep through side streets Looseleaf notepads that's where rhymes leak Punchlines - man, don't even beg I got knee-slappin tracks, y'all brusin your leg You a rhyme writer - funny man, that's a joke You ain't worthy of bein my secretary man that's a quote I flood tracks like cracks in boats And pussy rappers choked up with they own lines in they throat

TURN UP THE MICROPHONE and feed me I'm a beast MC's and they beats is what I eat, 16 I'll leave you in the street My rhymes are sicker than gangrene in both feet It's spreadin up the leg, and headed for the head Your rhymes are whack your style is proof that the brain corrosion is fuckin with your chosen flows, I'm nice with mics My hands'll break your nose like Mikey Tyson Fightin in his prime, one rhyme And I shake up the room one time, BOOM! To the jaw Your face is a coat type raw And the blood and snot they mix, jelly on the floor My love is cop them bricks, belly on the floor
