

Stepping Softly

John Foxx

I've felt clouds and a sunset
Rolling right across my life
I've heard those songs in the night
That can make you want to cry
And I've felt that kind of a longing
That must come to everyone's heart
I felt joy, joy, joy
And the sweet sad pride
Here you come again
And there you go
Stepping softly
Stepping softly
Stepping softly
Into my soul
And I don't know
I don't know
What I'm gonna do about you
And I don't mind
I don't mind
Just where we go from here
And I don't care, I don't care
Just how the weather changes
Because I'll walk by you
Until the very end
Oh I can still catch that wonder
Just as I fall asleep sometimes
A few moments of splendour
That I saved from my life
And that's when I get the roar of a summer
From somewhere just over my shoulder
And I feel joy, joy, joy
And I let it shine
And here you come again
And there you go
Stepping softly
Stepping softly
Stepping softly
Into my soul
