

Drifting from Door to Door

John Lee Hooker

Come back, baby, baby, please don't go
Let's talk it over, baby, before you go way
Come back, baby
Let's talk it over one more time

My heart is full of sorry, I only can tell
Been gone twenty-four hours, baby
Seems like a thousand years
Come back, baby, let's talk it over one more time

Lord, Lord

My Mama told me, Papa told me, too
Go ahead now, son and leave that woman
No good woman 'lone

Come back, baby
Let's talk it over one more time
Come back, baby, baby, please don't go
Can't we talk it over, little girl before you go way?

Come back, baby, come back, baby
Let's talk it over one more time
She left me, me, by myself
How it hurt me

Do I know she was just puttin' out?
I could not help myself
I could not help myself
Come back, baby
Let's talk it over one more time
