Groundhog Blues

John Lee Hooker

Now I'm a walkin' groundhog, mama and I walks around in my den Now I'm a walkin' groundhog, mama and I walks around in my den Now if I come out and see my shadow, John I believe I'll go bac k in

Now I want some feedin' mama, so I can hear a high sound If you don't feed me baby, I believe I'll go back in the ground Because I'm that walkin' groundhog, mama and I walks around in my den Now if I come out and see my shadow you say you don't love me, I believe I'll go back in

Now I wanna hear some swingin' music, I wanna hear a Fats Walle r song Now if I start to jitterbuggin', I'm forgettin' my hole down in the ground Because I'm that walkin' groundhog, man and I walks around in m y den Now if I come out and see my shadow my woman don't love me, I believe I'll go back in

Yes John, you know what I mean Oh you know I'm a-walkin' wild

Now I need some pettin' baby, baby you know what I mean Now if you don't pet me baby, I believe I'll go back down in Ne w Orleans Because I'm that walkin' groundhog, at night I walks around in my den Now if I come out and see my shadow my woman don't love me, Yeah an' I believe I'll go back in
