

Hey Baby

John Lee Hooker

Hello baby
Baby, how you been gettin' along?
Hello baby
Baby, how you been gettin' along?
Baby, I come to see you baby
Baby, 'bout our love affair

For the last few weeks, baby
Baby, our love hadn't been nowhere
Baby, for the last few weeks, last few weeks, baby
Baby, our love hadn't been nowhere
You can throw it plain out your mind baby, now
Please see things l'il Johnny's way

If I catch you doing wrong, baby

Baby, you know somebody bound to die
Baby, baby, baby, baby
Baby, you know somebody bound to die
Because I'm back home to stay now baby
You can't run around no more

Straighten up, straighten up, baby
Baby, see things l'il Johnny's way
Straighten up, straighten up, straighten up baby
Baby, see things l'il Johnny's way
'Cause I'm back home to stay now baby
Baby I ain't gonna roam no more
