

I'm so Excited

John Lee Hooker

I get so excited baby, see you walkin' down the street
I get so excited darlin', see you walkin' down the street
Babe I get so excited darlin', just can't help myself

My mama oh she told me, to leave you alone
My mama oh she told me, to leave you alone
But my mama didn't know what you were puttin' down, oh
no!

Night time is the right time
To be with the one you love
You know when night come baby I know
You so far away

So excited darlin', when you're not around
I get so excited baby, don't know what to do, alright!

If I can't be with you baby, I don't want nobody else
If I can't be with you baby, I don't want nobody else
I get so excited baby, walkin' down the street
