

I Want You To Roll Me

John Lee Hooker

I want you to roll me, roll me mama, roll the wagon wheel
Roll me mama, I don't want no fault
I said roll me, mama roll your daddy right
Roll your daddy right
I want you to roll me roll me roll me
'Til I don't want no more

I want you to tease me, tease me, tease me, like you tease your
father doll
Tease me, tease me, tease me doll, how it make me feel
I said tease me, mama tease your daddy right
I want you to tease me, tease me, tease me, know honey it make
me feel

I want you to roll me, roll me, roll me like you roll a wagon w
heel
Roll me, roll me, roll me like I ain't got no bone
I said roll me, mama roll your daddy right
I want you to roll me, roll me, roll me out all night long got
done

I want you to love me, love me, love me, like you love your bab
y child
Love me, love me, love me, like, honey it make me feel
'Til my love come down
I want you to love me, love me, love me, till I don't' want no
more
I want you to tease me, tease me, and tease me, like you tease
your father doll
Tease me, tease me, tease me like my back ain't got no bone
I said tease me, mama tease your daddy right
I want you to tease me, tease me, till I don't want no more
