

Rock Me, Mama

John Lee Hooker

I got a good rockin' mama, yeah and the way she rock is all right

Got a good rockin' mama, and the way she rock is all right
She rock me in the mornin', she rock me late at night

Now, don't you want to rock?
Don't you want to rock?
Don't you want to rock?
Rock me, mama, rock me all night long
Yeah, good rockin' mama

We rocked last night and-a rocked the night before
We rocked last night and rocked the night before
Say, yes she rock me, rock me ev'ry night

Now, don't you want to rock?
Don't you want to rock?
Don't you want to rock?
Rock me, mama, rock me all night long
Rock it now man, oh yeah

Don't need no steam heat, yo body keeps me warm
Don't need no steam heater, her body keeps me warm
She rocks me at midnight, she rock me till the break o'day

Now, don't you want to rock?
Don't you want to rock?
Don't you want to rock?
Rock me, mama, rock me all night long
