

Rollin' Blues

John Lee Hooker

Yes, I rolled, baby
Rolled all night long
Lord, I rolled this mornin'
Didn't know right from wrong

Lord, I know my baby
She gonna jump an' shout
Lord, I know my little woman
She gonna jump an shout
When my train roll up
And I'll come walkin' out

Been a long time

Lord, I know my woman
She gonna jump an' shout
Lord, I know my little woman
She gonna jump an' shout
When that train roll up
And I'll come walkin' out, hey

And you never blow the whistle now
Fireman rung the bell
And you never blow the whistle now
Fireman rung the bell
Lord, I didn't have time
Tell my baby, fare you well
