

# Always

John Legend

Hey love  
My first love  
My last love  
I can't stop looking for you

I'm movin'  
But can't move on  
Since you've gone  
I don't know what to do

So emotional  
Can't let love go  
I'm a midnight shade of blue  
I've been broken in  
I can't start again  
Can't trade you for something new

I will always love you  
You will always be the one  
I will always, I'll wait for you

I will always love you  
You will always be the one  
Know that always, I'll wait for you

Why am I  
Stuck in time?  
Stuck inside  
While the whole world's passing me by

This old song  
Keeps playing on  
The melody's so strong  
I can't help but sing along

So emotional  
Can't let love go  
I'm a midnight shade of blue

I've been broken in  
I can't start again  
Can't trade you for something new

I will always love you  
You will always be the one  
I will always, I'll wait for you

I will always love you  
You will always be the one  
Know that always, I'll wait for you

I've been everywhere  
No one else compares to you  
Nobody here  
In your stratosphere  
I gotta get back to you  
I'm tellin' you I wanna get back to you

I will always love you  
You will always be the one  
I will always, I'll wait for you

I will always love you  
You will always be the one  
Know that always, I'll wait for you

Ohhh  
Ohhh, ohhh  
Hey love  
My first love  
My last love  
Ohhh
