1. It gets harder every day, but I can't seem to shake the pain
                                 Cm7
   I'm trying to find the words to say, please stay
   As                    Cm7
   It's written all over my face, I can't
   C#
   Function the same when you're not here
       Fm
   I'm calling your name and no one's there
   C#                Es (high)              As
   And I hope one day you'll see nobody has it easy,
             Cm7                      C#
   I still can't believe you found somebody new
                        D# (high)
   But I wish you the best, I guess.

2. I don't care what people say, they're probably lonely anyway
   Baby don't fill up your head, with he said, she said
   It seems like you just don't know, (don't know)
   The radios on, you tuning me out
   I'm trying to speak, you're turning me down
   And I know one day you'll see nobody has it easy,
   I still can't believe you found somebody new
   But I wish you the best, I guess

R: 'Cause everybody knows...

   Fm                Bm
