

# It's Over

John Legend

[Intro]

I don't wanna be what you want me to be  
So when I call you're just yelling at me  
I'm sorry it's my fault  
It's over

[Chorus: Repeat 2x]

Now what do you keep calling for  
(What do you keep calling for, what do you keep calling for)  
It's over, it's over  
(What do you keep calling for, what do you keep calling for)

[Verse 1]

(It's over)

In the back of my mind I question why I keep calling  
I guess I'm just used to getting my way I'm spoiled  
I don't wanna be what you want me to be (don't wanna be)  
So when I call you're just yelling at me  
I'm sorry it's my fault

Oh, the clothes I bought you could still wear (still wear)  
Did you destroy the cards and teddy bears (ooh)  
See there I go again sticking my nose  
I'm sorry it's my fault (hey, hey, hey, hey)

[Chorus: Repeat 2x]

Now what do you keep standing there for  
It's over, it's over  
(What do you keep calling for, what do you keep calling for)  
Don't you know it is

Now what do you keep calling for  
(What do you keep calling for, what do you keep calling for)  
It's over, it's over  
(What do you keep calling for, what do you keep calling for)  
Yeah, yeah

[Verse 2]

(It's over)

Girl talking to myself in the mirror is strange enough (strange enough)  
So you gotta know sharing this with you is painful, yeah (painful)  
You know we used to talk about our future  
It ain't just all my fault (I know, I know, I know we used to talk about it,  
babe)  
So say goodbye to the way the leaves would fall (leaves would fall)  
The way we stand in the rain and we would bawl (we would cry)  
Just say goodbye  
To the walks and talks and the dark in the park  
And it ain't just all my fault (hey, hey, hey, hey)

[Chorus: Repeat 2x]

Now what do you keep calling for  
(What do you keep calling for, what do you keep calling for)  
Oh it's over, it's over (over)  
(What do you keep calling for, what do you keep calling for)

Now what do you keep calling for

(What do you keep calling for, what do you keep calling for)  
Don't you know that it's over, it's over (over)  
(What do you keep calling for, what do you keep calling for)

[Kayne West]

(It's over)

We lost a four leaf clover  
Don't ask why shorty be over  
News flash shorty we over  
We like Def Jam and Hova  
We like Bobby and Whitney  
Except without the kiddies  
Like Pamela Anderson's career  
Except without the titties

We had some good times didn't we  
I know I won't forget that  
But we had some bad times and  
That's time I wish I could get back  
We coulda had it all  
But I guess we'll never know  
You been around me long enough  
To know that now it's over

[Chorus: Repeat 2x]

Now what do you keep calling for  
(What do you keep calling for, what do you keep calling for)  
It's over, it's over  
(What do you keep calling for, what do you keep calling for)

[Vamp: Repeat 4x]

[Repeat:] (What do you keep calling for, what do you keep calling for)  
Yeah, it's nothing we can do with it  
So you might as well forget it  
Like we never ever did it, oh it's over

Nothing we can do with it  
So we might as well forget it  
Like we never ever did it, oh hey

Nothing we can do with it  
So we might as well forget it  
Like we never ever did it, oh

Nothing we can do with it  
So we might as well forget it  
Like we never ever did it, oh
