

# Unhaunted

John Mark McMillan

In the cradle of the deep  
Did you say my name?  
My particles responded  
My body, she sang

I, I don't want to be unhaunted  
I, I don't want to be unhaunted

Here in the darkness we relent  
Out on the porch with the government  
Everybody calls for a covenant  
But nobody's drawing blood  
I've been thinking about what it means  
You say that you never get used to it  
On the shores of the heaven bent  
With who I thought I was  
Oh, I don't wanna live like this  
Something's got to give  
I don't want to be unhaunted

In the cradle of the deep  
Did you call my bluff  
My chemicals responded  
My body gave up

I, I don't want to be unhaunted, my love  
I, I don't want to be unhaunted

Here in the darkness we relent  
Out on the porch with the government  
Everybody calls for a covenant  
But nobody's drawing blood  
I've been thinking about what it means  
You say that you never get used to it  
On the shores of the heaven bent  
With who I thought I was  
Oh, I don't wanna live like this  
Something's got to give  
I don't want to be unhaunted

Oh, I don't wanna live like this  
Something's got to give  
I don't want to be unhaunted

Oh, I don't wanna live like this  
Something's got to give  
I don't want to be unhaunted

Do you drive around town in a dreamlike state  
Talking to the thoughts, your body can't shake?  
You say I'm lost but maybe I'm late  
But where are you my friend?  
Have you seen your own face  
Do you drive around town in a dreamlike state  
Talking to the thoughts that your body can't shake?

In the cradle of the deep

Did you say my name?  
My particles responded  
My body, she sang

I, I don't want to be haunted, my love  
I, I don't want to be haunted

Oh, I don't wanna live like this  
Something's got to give  
I don't want to be haunted

Oh, I don't wanna live like this  
Something's got to give  
I don't want to be haunted
