John Martyn

I don't care what they say  
I do care what I do  
That's why you can stand by me  
I will always stand by you  
Oh believe me child  
I'll stand by you to be sure  
I will stand by you yes I will

Took all my sunshine left me out in the rain  
Took all my pleasure left me this pain  
You took my rainbow and left me only blue  
I know you did  
Stole my colours and left me only blue

Took me for a loser took my money too  
Stole my apaloosa the bitches don't like horses either  
Took all my colour tried to leave me with blue sweet blue  
Stole my little painting box one day and left me blue

Oh try to take all my future leave me the past  
Tried to take all my in between and leave me to last  
Took all my colours left me blue  
That's what you did  
Took all my coloured sky and left me only blue

Took every chance every liberty too  
You're bored of romance and my heart's shot straight through  
Stolen all my colours only got my deep deep blue  
All my colours have gone and left me with blue in my heart

Took all the credit and left me the blame  
Basked in the glory while you left me in shame  
Took all my colours still left me my blues sweet blue  
Took all my colours still got my little boy blue

I don't care what they say  
And I do care about everything I do  
Oh stand by me you know I will stand by you  
All the way  
Stand by me, I, I will stand by you ah yeah

Stole all my colour and only got my deep deep blue  
Saved my colours child, try to leave me with the blue only blue  
I don't care what they say but I do care what I do  
I don't care what they say I'm gonna stay in here  
Stand by me and I will stand by you
