

## So Sweet

John Martyn

In, In, In, In  
Well it gets so strange when standing head to head  
It gets so sweet side by side  
Feels so strange end to end  
So much sweeter side by side.

So sweet this painful freedom  
So sweet the search for perfect love  
So sweet this painful freedom  
So sweet.

C'mon take the edge off, like some kind of topiary  
Take the edge off darling, just lie down with me  
Oh so sweet, oh so sweet.

So sweet this painful freedom  
So sweet the search for perfect love  
So sweet this painful freedom  
So sweet.

Unchained and unrestrained  
So loud so quiet, yet so proud  
Unchained unrestrained  
Side by side in a crowd.

So sweet this painful freedom  
So sweet the search for perfect love  
So sweet this painful freedom  
So sweet.

Well it gets so strange when standing head to head  
It gets so sweet side by side  
Feels so strange end to end  
So much sweeter side by side.

So sweet the upward surge of freedom  
So sweet the search for perfect love  
So sweet the upward surge of freedom  
So sweet the search for perfect love.

So sweet the upward surge of freedom  
So sweet the search for perfect love  
So sweet the upward surge of freedom  
So sweet the search for perfect love.
