

And Heaven Turned to Her Weeping

John Maus

Even though you're far away from here..You're in my
dreams (2x)

And it's hard to erase you from my memories (2x)

The flowers are dying now that you left me..There's no
one to love anymore..

The city is haunted and nobody loves me..

'Cause this is the time for loving you..But you're not
here with me..

Even though you're far away from here..You're in my
dreams (2x)
