

# Don't Forget About Me

John Mellencamp

Don't forget about me  
When you're holding someone else's hand  
Remember we had dreams and plans  
Don't forget about me  
Don't forget about me  
Please don't make me a 'used to be'  
Someone lost in your history  
Don't forget about me  
I know the thrill of love is waning  
You can't see the pictures I'm painting  
Of me and you together  
From life to death to heaven  
Don't forget about me  
When you break your promises and lose our name  
I'm still going to love you the same  
Don't forget about me  
I know the thrill of love is waning  
You can't see the pictures I'm painting  
Of me and you together  
From life to death to heaven  
Don't forget about me  
When you're holding someone else's hand  
Remember we had dreams and plans  
Don't forget about me
