

Guilty 'till proven innocent.  
I'm thinking about the government  
Wondering where the money went.  
Into outer space, I guess.  
Lying cs's everywhere.  
Pretty boys in their underwear.  
Statue of Liberty.  
Who really cares  
About freedom.

Throw up, throw down.  
Get yourself a better town.  
All these towns look the same  
Self pity, number one recreation.  
We're dying in the USA.  
Preacher man, he keeps  
Preachin'  
While he covets your wife.  
I ain't sayin' what's good  
I ain't sayin' what's right.

Wait a minute, let me check my tan.  
Am I the same color as Superman?  
Helter skelter in a foreign land.  
Monkeys versus dogs,  
Lying under a big palm tree  
With cream and bananas all over me.  
That's the way it's supposed to be  
Here in the Garden of Eden.
