I Couldn't Dream

John Michael Montgomery

When we're this close I can almost Hear your heart beat As you softly breathe lyin' here with me Your skin's like a canvas Being painted by the moonbeams Truly a masterpiece To you it comes naturally

I couldn't dream a love better than this Could never imagine such a kiss Or the way your body feels in my arms Old Mister Sandman I'll resist 'Cause if I were to sleep look at all I'd miss I couldn't dream a love better than this

It's getting late But I don't want to close my eyes I don't care about the time Or the world outside We're movin' to the music playin' in our minds The mood's just right for staying up all night

I couldn't dream a love better than this Could never imagine such a kiss Or the way your body feels in my arms Old Mister Sandman I'll resist 'Cause if I were to sleep look at all I'd miss I couldn't dream a love better than this

I've had my fantasies But none compare to reality

I couldn't dream a love better than this Could never imagine such a kiss Or the way your body feels in my arms Old Mister Sandman I'll resist 'Cause if I were to sleep look at all I'd miss I couldn't dream I couldn't dream a love better than this I can't get no sleep I couldn't dream a love better than this
