

It Will Be Alright

John P. Kee

It will be alright
It will be alright
When I make it to the city
It will be alright

It will be alright
It will be alright
When I make it to the city
It will be alright, yeah

One of these old mornings
Hallelujah
I said it won't be very long
Hallelujah

You gonna look for me
Hallelujah
And I'll be gone on home
Hallelujah

I'm going up to glory
Hallelujah
That's when I'm gonna sing and shout
Hallelujah

And not you and you nor your mama
Hallelujah
Will be able to put me out
It will be alright

It will be alright
It will be alright
When I make it to the city
It will be alright

It will be alright
It will be alright
When I make it to the city
It will be alright, yeah

I was born in Durham, North Carolina
Hallelujah
Outside the county line
Hallelujah

I learned at an early age
Hallelujah
That Jesus was a friend of mine
Hallelujah

Fifteenth child out of sixteen children
Hallelujah
And my mother and father were there
Hallelujah

I learned at an early age
Hallelujah

That Jesus really cares

It will be alright
It will be alright
When I make it to the city
It will be alright

It will be alright
It will be alright
When I make it to the city
It will be alright, yeah

Alright
Jesus will make it right
Alright
Jesus will make it right

Alright
Jesus will make it right
Alright
Jesus will make it right
