

Me Out

John P. Kee

Out of all the things You taught me,
out of all the things You brought me,
I just want to say thank You .

You cleansed and changed my mind,
saved me just in time,
I wanna say thank You, .

Out of all the things You've done for me,
how You washed and set my spirit free,
I just want to say thank You, Jesus.

How you freed me from my misery,
gave me love I thought could never be,
I just want to say thank You, Jesus.

For Your goodness and Your grace,
there's much more that I can say;
You have been for me a strength,
in times of weakness.

Thank You for Your peace,
that means all the world to me,
You have brought me out so many times,
I thank You.

How you brought me off the street,
gave Samuel Street back to me ,
I want to take the time to say thank You.

Now my faith is on fire,
haters are calling me a liar,
I want to take the time to say thank You.

For the joy that You have given me,
for the love I thought I'd never see,
I just want to say thank You, Jesus.

For the strenthg to fight my enemies
I thought I couldn't now I know I can,
I just want to say thank You, Jesus.

You brought me,
You brought me out.

Vamp 2:
Let me go,
freed my soul,
everybody knows
I love You so.
