

Letter To America

John Parr

How ya doin' America
Guess it's been a while
Been holdin' out for a miracle
Missed me by a mile

Is this the same sky were under
Is this the same sun
Are these the same dreams we're dreamin'
Or am I the only one

Dream on, dream on

How ya doin' America
Droppin' you a line
A smile and a memory
To an old friend of mine

In your time of desperation
I was prayin' for you
Does your heart lie in a fortress
Can these words of mine break through

Dream on...
