

# Confident

John Reuben

Hey Johnny, hey Johnny  
What a good day, Johnny  
That's what I tell myself  
I'm put together pretty well

Starting off on a  
Positive note, buddy  
So we can reach the end  
With high hopes

Hey Johnny, hey Johnny  
What a good day, Johnny  
That's what I tell myself  
It comes together pretty well

Walked into the room  
Don't know who you are  
Feel it out  
When emotions are flawed

I got my mind made up  
So seal the deal, I'm confident  
I got my mind made up  
That's how I feel, I'm confident

Dreamers, visionaries  
Living vicariously  
Hypothetically speaking  
About how good we could be

What you lack in confidence  
Make up in energy  
Tonight we're gonna party  
Through insecurity

Limited vocabulary  
Can't think engagingly  
Talking incoherently  
Till somebody's hearing me

Social anxiety  
Bar keep drink  
Music fills the room  
Makes me wanna sing

I got my mind made up  
So seal the deal, I'm confident  
I got my mind made up  
That's how I feel, I'm confident

Look good, feel good  
Smell right, find a wife  
Do a dance, socialize

Yes, you can unless you can't  
I think I can, I think I can  
Positive reinforcement

Got my mind made up  
So seal the deal, I'm confident  
I got my mind made up  
That's how I feel, I'm confident

Got my mind made up  
So seal the deal, I'm confident  
I got my mind made up  
That's how I feel, I'm confident

Oh, I am gon' fit in  
Oh, I am gon' fit in  
Oh, I am gon' fit in  
Oh, I am gon' fit in

Oh, I am gon' fit in  
Oh, I am gon' fit in  
Oh, I am gon' fit in  
Oh, I am gon' fit in

My mind's made up  
My mind's made up  
My mind's made up  
And my mind's made up

My mind's made up  
My mind's made up  
My mind's made up  
And my mind's made up

My mind's made up  
My mind's made up  
My mind's made up  
And my mind's made up

My mind's made up  
My mind's made up  
My mind's made up  
And I
