

(chorus)

Reuben, what is he Dipidy doin'

This ego was quick to say he was better than me better be correct  
Before you step and try to sever my integrity please  
You MC's need to quit it  
I mean do you really think that you're the only ones that get it  
And what is it we don't get huh?  
Maybe that empty book bag that you sport as a gimmick  
To the Timberland boots that have never been scuffed  
All the while you're still hollering rugged and rough  
I call your bluff you're just like the rest of them  
The only difference is you follow a less popular trend friend  
Tell me how are you going to dog the mainstream  
Then turn around the underground and do the exact same thing that you're dis  
sing  
You get what I'm putting down  
I say a gimmick can be found above as well as underground  
And since what's real can't be defined by culture or man  
I'm curious as to what makes you think that you can  
[Sing along!]

(chorus)

Ideas start occurring and words start stirring  
Never would I suggest this to be the best  
It's just I like putting words on mics  
It's something I like to do something I find nice  
Don't need to dominate or inflate my confidence  
Got no problem giving MC's complements  
But some get mad at me like they want to battle me  
Upset because I made their hip hop happy  
Actually I think you tough guys are corny  
And my LP comes with a foolproof warranty  
If you buy it and don't like it feel free not to listen  
I'm not sure about a refund but you're welcome to diss it  
Because I don't will not and won't ask you to  
React to the beat if you ain't feeling it  
But perhaps maybe you are in that case  
It goes one for the treble two for the bass  
Arrogance mixed with ignorance will and can bring forth a man  
That don't really understand but claims he does  
And you know what, that's not good  
[No that's not good]

(chorus)

Y'know what? Ya'll got to be kidding  
Man, some of ya'll treat art like it was some sort of religion  
Following the rules one two and on through  
To the point you don't create art, art created you  
Ya'll got to be kidding man  
Some of ya'll treat hip hop like it was some sort of religion  
Following the rules one two and on through  
To the point you don't create hip hop, hip hop created you
