

# Sing It Like You Mean It

John Reuben

What's round on the ends and high in the middle (Ohio!)  
I'm leaving to maximize my potential  
U-Haul rental packed full of the essentials  
Confidence check  
Yes I'm feeling special  
Let's get it  
Let's get it  
Let's get it started  
Someday I'll be your favorite artist  
Dumb enough to be that confident  
Beat the odds with a back handed compliment

Sing it like you mean it (c'mon c'mon)  
Make me believe it (c'mon c'mon)  
Dream like you own it (c'mon c'mon)  
The party ain't stopping, the party ain't

12 guys in a two bedroom apartment  
Living large shouldn't look this desperate  
Walking on stars bums on a park bench  
Here's a quarter to avoid a' argument, Oh!  
We felt like the very first ones  
Trying to write the universe an anthem  
Tomorrow we're old  
Tonight we're young  
What could be more brilliant than to just play dumb (hey!)

Sing it like you mean it (c'mon c'mon)  
Make me believe it (c'mon c'mon)  
Dream like you own it (c'mon c'mon)  
The party ain't stopping, the party ain't

Sing it like you mean it (c'mon c'mon)  
Make me believe it (c'mon c'mon)  
Dream like you own it (c'mon c'mon)  
The party ain't stopping until we've outgrown it

Roaring twenties depressed at thirty  
Busy bodies move with urgency  
I put my ear to the street  
Somebody catch me up to speed  
I want to win but I don't want to compete  
Take the good with the bad  
Chew the meat spit the fat  
Own some land pay the tax  
Mini van with two and a half  
Raise your glass toast to past  
It all happened a little too fast  
Passionate about what you can't get back

Sing it like you mean it (c'mon c'mon)  
Make me believe it (c'mon c'mon)  
Dream like you own it (c'mon c'mon)  
The party ain't stopping, the party ain't

Sing it like you mean it (c'mon c'mon)  
Make me believe it (c'mon c'mon)

Dream like you own it (c'mon c'mon)  
The party ain't stopping until we've outgrown it
