## Dark Side Of The Sun

## John Waite

I looked over my shoulder Straight into your eyes As you stood in my shadow In some loud disguise

You were lookin' straight through me Like a piece of glass Out of step with the fashion Fashions always pass

I've been living
On the dark side of the sun
Waiting for something
That would never come

Feeling restless and jaded My heartbeat paralyzed Like some refugee hero To beat denounced and denied

In some rock and roll wasteland In a thousand hours While Madonnas keep smiling Present them with the flowers

I've been living
On the dark side of the sun
Waiting for something
That would never come

And I've been running down the shadows Like a street gang to survive Hoping for something to keep me alive I looked over my shoulder

Fire in my eyes We were looking for justice What we got was a great big surprise We've been living

On the dark side of the sun
Waiting for something
That would never come
And we've been running from the shadows

Like some street gang to survive Waiting for something to keep us alive

Whoa-oh-oh
Whoa-oh-oh
Been living on the dark side

Whoa-oh-oh
Whoa-oh-oh
Whoa-oh-oh
And I've been running from the shadows

Whoa-oh-oh Whoa-oh-oh Whoa-oh-oh
