Cold Is The Night

John Wetton

```
Cold is the night
Blue is the day
Cold is the night
Without you

Same stupid game
I always lose
Same stupid game
Without you
Cold is the night

I don't make promises
I don't tell lies
And I don't take anyone's advice
One thing I'm certain of
This time it's for real
Well I sure know how it feels

Cold is the night
Blue is the day
Cold is the night
Without you

Same stupid game
I always lose
Same stupid game
Without you
Cold is the night
```
