

Disco 9000

Johnnie Taylor

LA - here's to you
For being the kind of place a man can do his due
Out here the hippies skip, and they get their kicks
Bumpin' all night long, out on Sunset Strip
To the music of the brother man, who's got himself a plan
And makes him gain a boogie, man

Down at the Disco... 9000
You better get down early, it's gonna be crowded
Down at the Disco... 9000
People from coast to coast are talking about it, about it

Oh there's another man, he's got a boogie man
And he wants to be the king, of all the land
But his game is weak, and the brother plays for keeps
Cause you can't aim step to the boogie beat
And the way you play the game, let's get funky or spicy man
And the only king of disco men

It ain't nothing but a party
A place where you can get down
With some bad chicks, and some dynasty
Sixteen stories off the ground

Down at the Disco... 9000
Down at the Disco... 9000
Down at the Disco... 9000
Down at the Disco... 9000
(Everybody's gonna get down, down at the disco)

It ain't nothing but a party
A place where you can get down
They got some bad chicks, and some dynasty
Sixteen stories off the ground

Down at the Disco... 9000 (going to the disco)
Down at the Disco (Everybody's gonna get down) 9000 (down at the disco)
Down at the Disco (Never let the funk get down) 9000 (down at the disco)
I tell you where I'm going (Where everybody's gonna get down)
Down at the Disco (Down at the disco) 9000 (everybody's gonna get down)
I tell you where I'm going (Where everybody's gonna get down)
Got a lot of sun (Down at the disco) 9000 (everybody's gonna get down)
Down at the Disco (Everybody's gonna get down)
Now I walk to the disco (Everybody's gonna get down) 9000 (down

at the disco)
