Honey, stop your lies  
You ain't got to lie no more  
Sugar, stop your cheating  
You ain't got to cheat no more

'Cause the lowdown dirty things  
You do at night  
At last it come to the light  
And I can see clearly now

Take off your mask, baby  
I can see straight through your soul  
And what I see was a doggone thing  
I can't understand why I didn't see it before

You misused my love for so long  
You throw me love like you throw a dog a bone  
And that's why the name of this song is called

Free, glad I got over you  
I wanna say that one more time  
For the benefit of those who didn't hear me  
I said I'm free, free, I'm glad I gotten over you

Listen to me  
When you do me like you do me  
Tell me what else can a poor boy do?  
I want you listen to this

Let the four winds blow  
Let them blow [Incomprehensible]  
If you turn I'd be your sweet angel tomorrow  
Loving you I just couldn't see, guess why

You misused my love for so long  
You throw me love like you're throwing a old dog of bone  
It's one thing I wanna explain about that bone  
You gave away the steak and you know that's wrong  
Even dogs get tired and he will bury that bone

I said I'm free, I'm over you  
I'm free and I'm over you  
Listen to it

Sitting at home alone  
By the rain is falling  
Looking at the phone, baby  
But you never, never call me

I gotta tell, free, baby, free baby, yes, I am  
And I'm over you, I'm gonna say one more time  
Free, oh, oh, honey, thank God I'm free at last, baby  
And you don't worry me, I told you a long time ago  
That just a matter of time that I would have my freedom I feel only you
