

I'd Rather Drink Muddy Water

Johnnie Taylor

Babe, we got to have little talk
I ought to pack up my things an walk
I know a dollar goes hand to hand
Before I met you, go from man to man
I'd rather drink muddy water or
Sleep in a hollow log

Love you baby but you won't be fair
You don't know how to be on the square
Have your fun baby if you must
Before I'll have a woman, I can't trust
I'd rather drink muddy water or
Sleep in a hollow log

What's the use, just like a Georgia mule
My friends laughed
And they called me a fool
Your kisses are as sweet as can be
Before I'll let you make a fool out of me
I'd rather drink muddy water or
Sleep in a hollow log
