

Little Bluebird

Johnnie Taylor

I know a little bluebird
As always she would sing for me, oh JT
I know a little bluebird
As always she would sing for me

She been flying around so long
I wish, she would land in my tree

Every time she goes by, I want to cut her wings
Now every, every, every, every, every
Every time she goes by, I want to cut her wings, yeah
Lock us in a nest together so I can party with the thing, yeah

Oh baby, baby, please come in and dance with me
I played myself a dance, baby
Just you and me, my sweet love

That's all right, baby

You sweet little bluebird
You know that I love you
I want you, I need you
I like the way you're flying, baby

Bluebird, bluebird, bluebird
