

She Knows Why

Johnny Horton

I have a story I'd like to tell broken heart's knowin' only too
well
And she knows why I feel the way I do
She gave me all her love and then she took it away blue sky has
turned to a solid grey
And she knows why I feel the way I do
Well I know I'm a walkin' down the lovesick trails been walked
down by many before
But when she sees my side of tracks she'll know I've learned th
e score
I'll pick my tears put 'em on the shelf keep my heartaches to m
yself
Cause she'll know why I feel the way I do
[guitar]
When she finds somebody new then he'll find out what I went thr
ough
Cause she knows why I feel the way I do
She gave me her love and then she took it away blue skies had t
urned to a solid grey
And she knows why I feel the way I do
Well I know I'm a walkin'...
