

He Will Break Your Heart

Johnny Paycheck

He don't love you like I love you
If he did he wouldn't break your heart
Baby he don't love you like I love you
He's trying to tear us apart

Pretty well I know you're leaving girl
For the new love that you've found
The handsome guy that you've been dated
I've got a feeling he's gonna put you down

He don't love you like I love you...

He uses all the great potentions
Singing those pretty things Lord I wish I could say
But he's had so doggone many big parts
So to him it's just another play

And when the final act is over
And you are standing there all alone
When he takes his vows and makes his exits
I'll be there baby take you home

He don't love you like I love you...
