

# I Sleep With Her Memory Every Night

Johnny Paycheck

Me and little Martha is all that's left at home  
Things are not the same now but we're doin' all right  
Her mama's gone forever but I'll never be alone  
'Cause I sleep with her mem'ry every night

Martha hugs my neck and say she loves me best of all  
And when Martha climbs in bed with I don't climb the walls  
That baby knows when daddy's sad so she hugs me extra tight  
Yes I sleep with her mem'ry every night

That baby knows when daddy's sad so she hugs me extra tight  
Yes I sleep with her mem'ry every night  
Yes I sleep with her mem'ry every night
