

Love Couldn't Be Any Better

Johnny Paycheck

Love just couldn't be any better
When she wants to cry I just won't let her
I hold her for awhile and watch her smile she likes it
As far as love goes it's fresh as a rose
What I feel for her no one knows
And love couldn't be any better

She makes me tingle every time she touches me
And tells me I'm the man in her every dream
When I'm away from her I can hardly wait
To get back to the pleasures her love brings

Love just couldn't be any better...
Love just couldn't be any better...
Love couldn't be any better love couldn't be any better
Love couldn't be any better
