

Love Sure Is Beautiful

Johnny Paycheck

Love sure is beautiful where you're concerned
Nothing but happiness wherever I turn
Life sure is wonderful and this much I've learned
Love sure is beautiful where you're concerned

I never knew till I met you how easy love could come
To a heart that was so sure it would have no one
Now my heart and arms are filled with your love every day
And if a heart could talk at all you would hear mine say

Love sure is beautiful...
Love sure is beautiful where you're concerned
